

1. Caphosol® is supplied as 2 solutions, 1 in a blue container (Caphosol® A) and 1 in a clear container (Caphosol® B).

2. Separate 1 blue container and 1 clear container from the pack.

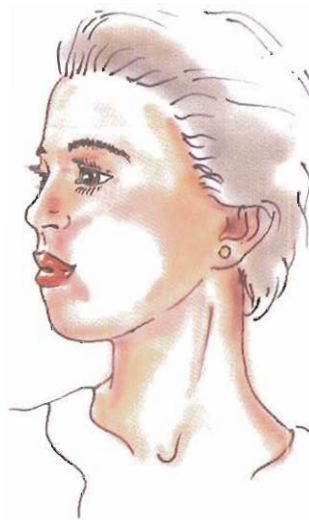

3. Remove the caps of each container and combine all the contents of the containers in a glass.

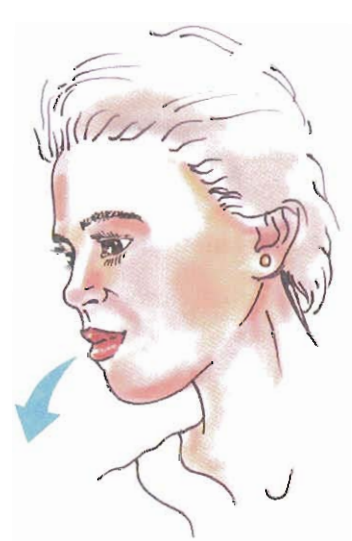

4. Swirl the contents of the glass to mix. Use immediately after mixing.

5. Take half the solution in your mouth. Do not swallow it.

6. Swish and gargle the solution in your mouth for 1 minute.

7. Spit out the solution. Repeat with the other half of the solution.
